Swagger: <http://127.0.0.1:8000/docs>

The screenshot shows the Swagger UI interface for a FastAPI application. At the top, it displays the title "My CRUD API" with version 1.0.0 and OpenAPI 3.1 compliance. Below the title, a note says "Простое CRUD приложение на FastAPI". The interface is divided into two main sections: "default" and "Schemas".

**default** section:

- GET /** Read Root
- POST /items/** Create Item (highlighted in green)
- GET /items/** Read Items
- GET /items/{item\_id}** Read Item
- PUT /items/{item\_id}** Update Item (highlighted in orange)
- DELETE /items/{item\_id}** Delete Item (highlighted in red)

**Schemas** section:

- HTTPValidationError > Expand all object
- ItemCreate > Expand all object
- ItemResponse > Expand all object
- ItemUpdate > Expand all object
